

You're Invited to our Special Holiday Lighting Exchanges!

Trade in your old indoor or outdoor holiday lights for new energy-efficient LED holiday lights! You can exchange up to three holiday light strings for three multi-colored LED light strings for no cost. It's never been easier to brighten up your holidays!

At select events, you can also exchange up to five incandescent light bulbs for CFLs and up to two halogen torchiere lamps (bring entire fixture) for more energy-efficient models (while supplies last). Make sure you bring a valid California ID and/or a copy of your last SDG&E® bill.

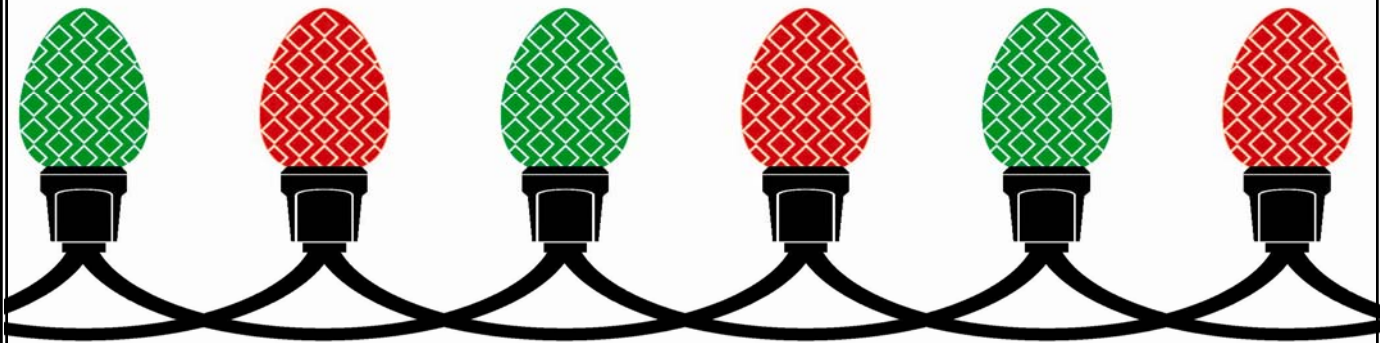

LED lights use up to 95% less energy than incandescent holiday lights, last about 100 times longer, and are cool to the touch making them safer to use. Our holiday lighting exchanges are a great way to go green and save green this holiday season, so don't miss out. For more information, visit sdge.com/residential or call us at 1.800.411.6133.
